# 3-2 GSAB

## Nightmares!

SFRG NEWSLETTER

Welcome to the first edition of the Nightmare SFRG newsletter! In this edition of our newsletter, we are excited to share with you some of our recent achievements and upcoming events. Notably, our recent battalion field training exercise and upcoming joint training exercise in Japan. We are looking forward to enjoying the remaining summer months with you all. Thank you for everything you do to support our soldiers, families, and unit!

## A MESSAGE FROM THE BN CDR

3-2 GSAB Families – Thanks for taking the time to read this newsletter! I wanted to take some time to show my appreciation for your Soldier's work here on the Korean Peninsula. Rest assured, your sacrifices and the dedication of your Soldier is making a difference here.

Our team is more trained and ready to deter our enemies here in Korea than we ever have been before. Over the past several months, 3-2 GSAB has ramped up collective training across the Battalion. Collective training means we are putting together all 7 companies to accomplish larger missions. To be able to move to this phase of training means your Soldier is proficient and validated at basic tasks. For us to accomplish anything, it is directly tied to the hard work and dedication everyone in 3-2 GSAB displays daily.

The last couple months were extremely busy for The Nightmare Battalion. Last month we conducted a Field Training Exercise from 28 MAY-7 JUN. This was an intense training event designed to simulate the rigors of our job in an expeditionary environment. The team performed flawlessly, conducting 24 hour operations while living, planning, and executing operations out of tents in the Korean Theater of Operations. Every single company increased mission proficiency, and I am confident our team continues to remain ready to Fight Tonight. Their readiness is what ensures stability here in Korea and by consequence in the entire Pacific Region.

D/3-2 GSAB changed command in June where we welcomed Aryne and Emily Riley to the Nightmare Team. Aces are in great hands moving forward with this power command team.

In the upcoming quarter, the Battalion's largest mission is Operation Orient Shield in Japan from approximately 10-31 JUL. For this exercise, we will be sending an Aviation Task Force consisting of AH-64E, CH-47F, and UH-60L to central Japan to conduct a joint training exercise with US and Japanese forces. This will be an interesting and rewarding problem for the team, but will take dedicated focus from your Soldiers. Our alliance with Japan, like our alliance with Korea, is critical to the stability of the Pacific Region and an important mission.

Keep an eye out towards the end of the summer for a 3-2 GSAB Family Day! We will schedule this to ensure maximum participation outside of other requirements.

As we move into the summer months, there will be teammates coming and going. If you are leaving the Battalion soon, I want to thank you and your Soldier for their dedication. Soldiers are important, but they can't do their job without the support of their Families. I wish you all the best! If you ever need anything from our Battalion, whether you are here on command sponsorship or your Soldier is doing an unaccompanied tour, please reach out to me directly at [Anthony.j.snipes.mil@army.mil](mailto:Anthony.j.snipes.mil@army.mil).

LTC Tony Snipes  
NIGHTMARE 06

## A MESSAGE FROM THE BN CSM

CSM COLE

The Soldiers of the Nightmare Battalion never cease to amaze me. With a steady OPTEMPO focused on flying, fixing, and fueling, the Soldiers continue to demonstrate what it means to be a worldclass Army Aviation organization. I'm constantly awestruck by the determination many Soldiers exhibit, finding new and more creative ways to conduct business daily while throwing aside old monikers like "that's the way we've always done it." Although the organization exudes a level of excellence not easily replicated, we aren't without fault either. We do at times struggle to finetune processes and at time we make less than stellar decisions. However, we see our shortcomings and we understand who is impacted. It is our goal to correct mistakes, provide better for our Soldiers and their families, and demonstrate that we are a learning organization.

-

You matter!

-

Nightmare 07

## NIGHTMARE FIELD TRAINING EXERCISE 2024

3-2 GSAB Families,

From May 28th to June 7th, the Nightmare Battalion conducted our annual Field Training Exercise (FTX), cumulating the past 12-months of training our formations executed into an overarching large-scale training event. Nightmare Leaders and Soldiers were given a scenario-based situation, simulating a peninsula-scale operation against a hybrid threat, to test and challenge their capabilities in an austere environment.

On May 28th, we initiated a 4-hour recall formation in the early hours of that Tuesday morning with an Emergency Deployment Readiness Exercise (EDRE). Each Soldier came ready to answer the call of duty and prepared to execute training! This is when the Battalion began to execute 24-hour operations, deploying our pilots to simulate Non-Evacuee Operations (NEO) air movements of non-combatants to secured locations. Simultaneously, 3-2 GSAB conducted a combined live-fire training and air-assault operations with Soldiers from 3rd Cavalry Regiment (3CR) at the Rodriguez Live Firing Course (RLFC) from May 29th – June 6th. Additionally, the United States Air Force (USAF)-Survival, Evasion, Resistance and Escape (SERE)

*CSM Cole mentoring Soldiers for establishing base operations at the field training site.*

instructors trained our Soldiers on how to survive within austere environments while isolated, which trained our pilots and staff to conduct personnel recovery training of isolated persons.

On June 1st, the Battalion deployed the formation to the field to demonstrate an expeditionary deployment as a deliberate scatter from Camp Humphreys for unit survivability. Once in the field, we established the Battalion's forward tactical area for base defense while establishing the tactical operations center and forward arming and refueling point (FARP). From the training area, Soldiers maintained security postures, establishing a base defense against opposition forces (OPFOR) with simultaneous ongoing missions.

Companies managed to train their formations on austere

aircraft recovery, field maintenance, aerial reconnaissance, daily resupply convoys, air medical evacuations, and air traffic control operations. On June 6th, the FTX's cumulating event combined the efforts for redeploying the formation from the field to Camp Humphreys while A CO and B CO executed a deliberate air-assault with 604th Air Support Operations Squadron (ASOS)-USAF, successfully ending the field training exercise.

Your Soldiers demonstrated their hard work and perseverance paid off, highlighting their potential and capabilities. The Nightmare Battalion significantly improved through the sheer force of each Soldier's willingness to push past their limits, showing how their efforts and training did not go to waste. On behalf of the Nightmare Battalion, we thank each of you for sharing your Soldier with us to execute this amazing training opportunity, bettering our formation, and enabling us to "Fight Tonight"!

HHC

Dream Reaper Family,

Over the past few months we have seen many Dream Reapers depart for the next chapter in their careers as well as welcoming many new Reapers to the family. They could not have joined at a better time as we executed our Battalion Situational Training Exercise (STX) in April, focused on communications, convoys, and planning exercises in May, and culminated the quarter with the Battalion's Field Exercise (FTX) in June. Our Dream Reaper's learned a lot and performed exceptionally well, earning a combined total of 45 Army Achievement Medals, 13 Certificates of Achievement, and 3 Battalion Coins!

Over the next quarter we can expect the Dream Reapers to continue this pattern of excellence as we support Orient Shield 2024, a unique training opportunity with the Japanese Ground Defense Force in Japan throughout July. August will have the opportunity for our Soldiers to make up some missed family time before school starts as we prepare to support the Ulchi Freedom Shield here from Camp Humphreys. Overall the next few months we will focus on retaining the training value we have gained from the last quarter but will do so in a manner to minimize time away from families as we get ready to go back into the new school year. Daisy and I are also looking for any interest in new SFRG events as the last fundraiser and coffee connection were pretty successful. Right now we are planning a monthly fundraiser lunch and monthly coffee connection but feel free to discuss any ways you would like to see the Dream Reaper community grow! There is also now a group chat on the HHC GSAB 3-2 Facebook page and if you have any issues receiving our emails, please let us know so we can effectively communicate with everyone.

As always, please do not hesitate to contact Daisy or myself if you have any questions or concerns. We are always available and willing to help!

Sincerely,

Mrs. Daisy White and CPT Daniel White

## ALPHA COMPANY

Dragons Family,

Last quarter the Dragons stayed busy participating in the Battalion STX and FTX. Both training exercises provided great opportunities for our crews to get experience with over water qualifications, caving ladder qualifications, air assaults, mixed-MDS multi-ship and live fire gunnery. We spent several days at TA Ulchi operating out of tents and getting used to operating on longer days in an environment with less amenities. We battled the heat and nice weather and really got an opportunity to display our strengths. Getting away from the office allowed everyone in Alpha Company to get to switch modes and have a little fun while also staying on top of our game. The Dragon team went above and beyond as a team to execute all missions and bettering our understanding of complex mission planning. In addition to this, we made huge strides in improving our over the horizon communication systems allowing us to increase our tactical reach for future operations.

The Dragons also conducted two ranges over the past quarter, improving our readiness to "Fight Tonight"! 1LT Stedman and WO1 Evans planned and executed Alpha Company's first company internal M17 range, qualifying 14 people on their assigned weapons and running drills to improve confidence and proficiency. 1LT Gervais and WO1 Evans then planned and executed Alpha Company's M4 range, qualifying 20 people from Alpha Company on their assigned weapons, followed by additional training and drills led by Mr. Evans. Both ranges were a huge success and all individuals gained valuable experience with the additional training.

Aside from training, the Dragons conducted an Organization Day that kicked off with an ultimate frisbee competition between 1st platoon and 2nd platoon, followed by a Company Hail and Farewell breakfast at Savory where we bid farewell to CW3 Delos-Santos, SPC Mayeux, and SPC Patten. Later in the day the Dragons took to Suwon for a KT Wiz baseball game and were joined by several Dragon family members. The KT Wiz won the game, and Alpha Company had a fun day of bonding as a company.

months.

This past quarter, Alpha Company welcomed several new members to the team. CW2 Do, CW2 Patalano, SFC Trexler, SFC Quinones, SGT Gamez, SPC Magnan, PFC Wagner, PV2 Medina, and PV2 Kiewert all joined the Dragon team and we're excited to continue to get to know them and work with them.

## ALPHA COMPANY

Looking ahead, Alpha Company will be participating in Orient Shield in Japan during the month of July where we will continue to improve our experience and readiness with joint training with other units in 2CAB, US Army Japan, and the Japanese Army. We will be spending just under three weeks in Japan conducting exercises and cultural days. We're looking forward to experiencing something new and seeing some new sights. Alpha Company will also be participating in UFS out of Camp Humphreys, as well as some potential joint training exercises with 160th and the US Air Force. At the end of September, we will be conducting platoon level air movements, where our crews will get a chance to build on the training they've conducted over the summer to fly tactical missions across the Korean Peninsula. Alpha Company will also be participating in a Warrior Adventure Quest on August 8, set up by Chaplain Baek. The trip will consist of some water and boat activities to build more teamwork and cohesion across the company and to allow for a chance to take a step back from all of the hard work that has been put in over the past few months.

Go Dragons!

CPT Kazia Karwowski

## BRAVO COMPANY

Innkeeper Family,

We hope this newsletter finds you well. 2024 has been a busy yet fun year, and we look forward to continuing to grow as a unit. Here's a roundup of recent and upcoming events within our unit.

**April Highlights** – At the start of April our soldiers engaged in the Battalion Situational Training Exercise, where they enhanced their readiness and set the stage for our Field Training Exercise later in June. In late April, many of our soldiers their families had the opportunity to travel south and explore Korean culture through the Cultural Immersion Trip. While some soldiers and their families were unable to attend, they will be given the opportunity to take advantage of this trip in the fall season.

**May Highlights** – To kick off May, the Innkeepers took a trip to the east coast to participate in the Warrior Adventure Quest on May 9th, hosted by the Unit Ministry Team. During this trip, soldiers drove ATV's around the beach, and competed in a fierce series of paintball battles. The following day on May 10th, many Innkeepers headed up to Seoul for the AAAA Ball to celebrate the camaraderie and achievement of the Aviation branch. From May 13-14, Bravo Company conducted a Bambi rodeo, where many pilots and crew chiefs were qualified on the Bambi bucket system used to fight fires. Then from May 16-17, the Innkeepers hosted a Leader Seminar at the Humphreys Hub. This seminar gave the Innkeepers the opportunity to listen to senior leaders in the Chinook and Nightmare Battalion community and reflect on their words of wisdom in both platoon and cohort breakout lunches. Finally, at the end of the month, the Innkeepers kicked off the Field Training Exercise at Camp Humphreys.

*Crewmember on CH-47 ramp during multi-ship operation*

*View from the Cockpit during multi-ship operation*

## BRAVO COMPANY

June Highlights – June began with Bravo Company picking up from Camp Humphreys and heading down south to begin the field portion of the FTX. The Innkeepers worked hard in a dynamic and tough environment. Bravo Company demonstrated its capabilities away from base, and its readiness to deploy and fight at a moment's notice. After the FTX, the Innkeepers returned to Camp Humphreys to recover equipment and review ways to improve overall readiness. Later in June on the 26th, LTC Snipes and CSM Cole hosted a coffee talk for all 3-2 spouses to pass along information as well as to answer any questions. Then on the 27th, some Innkeepers had the opportunity to head to Chipyeong-ni for a Staff Ride with the 3-2 Command Team.

July and beyond – To kick off July, the Innkeepers will be hosting an SFRG Potluck on July 3rd to celebrate Independence Day and build the Innkeeper family bond. After the long weekend, the Innkeepers will come back and make preparations to head to Japan from July 10-29. In Japan, our unit will participate in Operation Orient Shield, enhancing our interoperability and readiness along our Japanese counterparts. Upon our return to Korea, the Innkeepers will have an organizational day on August 2nd to recognize our unit's achievement and unity. Following this event, all Innkeeper aviators and crewmembers will be called to the Humphreys Hub to partake in the Tavern Call. Then, from August 5-9 Bravo Company will shift its posture towards nighttime operations to enhance our NVG training.

Bring It On!

CPT Will Marshall

# C Co, DMZ DUSTOFF Newsletter

## Q2 REVIEW: Medical Training, BATTALION FTX, and DLQs

The DUSTOFF team conducted Medical training with units all across the peninsula including Navy Seals, Air Force, ROK Special Warfare, 65<sup>th</sup> Med BDE, 3<sup>rd</sup> Cavalry Regiment, and many more while still maintaining real world coverage in Camp Humphreys and Camp Casey. The company was then put to the test during the Battalion FTX where ASMP and two FSMPs deployed to dispersed locations to provide training medical coverage and integrate into a simulated combat environment. Finishing up the quarter, select crews were trained and qualified in Deck Landing on the ROK Navy Vessel, Il Chul Bong LST 688. These crews were the first to ever land on this ship!

## CDR'S CORNER

DUSTOFF,

This last quarter has been some of the busiest for the Company since I've been in Command. The Soldier's of Charlie Company leaned in hard culminating all the training we had the past year. From the Battalion FTX, complex flight training, and continuous air mission requests, the DUSTOFF team is more capable than ever.

Next quarter the company will prepare for a change of command while operating in dispersed locations. The flexibility and determination of our team to accomplish the mission always amazes me.

I'm am so proud to serve along side this team. DUSTOFF!

## SOLDIER'S CORNER

I enjoyed going to Jeju Island so much. The tropical scenery is beautiful and the mountain volcano was incredible. The locals were so nice to my family and I. I highly recommend visiting to everyone who enjoys being outdoors. I am looking forward to planning a future weekend trip down to Busan.

-SPC Filante, Anthony

- Orient Shield: 10JUL-30JUL
- Warrior Fortitude: 23JUL-23AUG
- Ulchi Freedom Sentinel: 18AUG-31AUG

## Soldier highlights

The following soldiers were recognized for their work during the BN FTX:

SSG Guzman	SSG Kinsey
CPT Moreira	CW3 Douglas
SSG Oliphant	PFC Mallon
1LT Shimer	WO1 Presty
1LT Newman	SSG Solomon
1LT Post	
SSG Newton	

## HOLIDAYS/DONAS

- 4-6 July: Independence Day
- 30 Aug-2 Sep: Labor Day
- 7-10 Sep: Training Holiday

# D Co, Aces Newsletter

## APR-MAY-JUN REVIEW: Battalion STX and Battalion FTX

The Aces have been busy for the last three months with field events! In April the Battalion conducted a situational training exercise in which Delta Company performed Downed Aircraft Recovery training. This training gave soldiers the opportunity to perform their skillset in an austere environment away from the hangar. In late May and early June the soldiers conducted a Battalion field training exercise which focused on transporting Aces soldiers to the field in convoys and aircraft. While in the field the Delta Company Soldiers excelled in providing maintenance and security for the entire Battalion. The Aces continue to show their hard work and dedication to providing top notch maintenance.

### SFRG EVENTS

- Taco Tuesdays (twice a month): lunch time

### TRAINING

-Orient Shield: 18-26JUL

### SOLDIER HIGHLIGHTS

PFC McDonald, Marc participated in the Army 10-miler run in June. He was the only Delta Company soldier to run and overall placed 3<sup>rd</sup> in race with a time of 58 minutes and 40 seconds.

### CDR'S CORNER

Aces,

No doubts that this was a wild quarter for all of us. The patience and perseverance through this time was awesome to witness. There was a clear validation of off site maintenance witnessed and there was no shortage of Delta Company Soldiers assisting the entire Battalion during the FTX to make our dusty home as comfortable as possible.

Next month will see members of the company validate how well it had executed the P4T3 in its role in Japan for Orient Shield! There is a new Aces 06 in Command and I cannot wait to learn from each and every one of you.

Aces!

### SOLDIER'S CORNER

I have enjoyed hiking in Korea with soldiers and friends. I enjoy the small Korean villages and coffee shops. The Company has been supportive in learning my job, military benefits, and Korean culture. I have been on my first flight in a Chinook and Blackhawk while in Korea

-PFC McDonald, Marc

### HOLIDAYS/DONAS

- 4<sup>th</sup> of July: 04 and 05JUL
- Labor Day: 30AUG and 02SEP
- Training Holiday: 09 and 10SEP

# E FSC, Wolfpack Newsletter

## APRIL-JUNE REVIEW: CONVOY GUNNERY, FARP RODEO and BATTALION FTX CONCLUSION

The Wolfpacks completed the BN FTX and were able to validate their capabilities to fight tonight and win! From conducting expeditionary maintenance in the field, to establishing a command post and conducting FARP operations in three different locations, the Wolfpacks once again prove how E FSC is a proficient & professional Company Soldiers ready to take on any challenge! Additionally, our Company placed third overall within the BDE during a FARP competition and our Convoy Gunnery teams also won second and third place as the best crews within 2CAB.

### SFRG Events

- Warrior Adventure Quest (WAQ): 13June
- Coffee Talk (All Spouses): 23June
- ORG Day Trip (Mallipo Beach): 28June
- ORG Day #2 (TBD September-October)

### TRAINING

- Night Driver Training: 01-02 July
- Orient Shield (Japan): 08-27 July (for select few)
- Company CPX: (TBD in September)
- BN Gunnery: (TBD November)

### Soldier highlights

- CPL Sanfrantello: FTX
- CPL Andres: CPP
- SPC Marshall: FTX
- SGT Anderson: FTX
- SPC Polanco: FTX
- KCPL Jang: FTX
- SPC Emery: FTX

### CDR'S CORNER

Wolfpacks,

As we conclude our BN FTX, I could not be more proud of the caliber of excellence the Soldiers of Echo Company have achieved. Take this time as we conduct recovery as a reprieve to get after appointments and take care of yourselves and your families. June-August are a great time to take some leave and explore new areas within Korea & surrounding countries. Training will pick up again in September-November as we conduct our CPX and support the BN Gunnery, so take advantage of this time. Fix, Fuel, Fight, Wolfpacks!

### SOLDIER'S CORNER

As an individual, the FTX helped me understand what it's like to go beyond my comfort zone. It served as a good simulation of what war would actually be like. As for Korea, I love the area because there are a lot of opportunities available that I never would have experienced had I not come to this country.

-PFC Anguiano, David

### HOLIDAYS/DONAS

- BN DONSA: 14-17 June
- Juneteenth: 19-20 June
- 4<sup>th</sup> of July: 04-07 July
- Labor Day: 30AUG-02SEP
